Bruges,

Postdate.

Dear Sponsor,
sympathizer,

Namasté,

Every year we send you a Christmas card from Nepal with a personal message from our sponsored school-children. This is not working for the Nepalese post because of Corona. Therefore this surrogate to wish you a happy New Year (-party!?) and a happy New Year

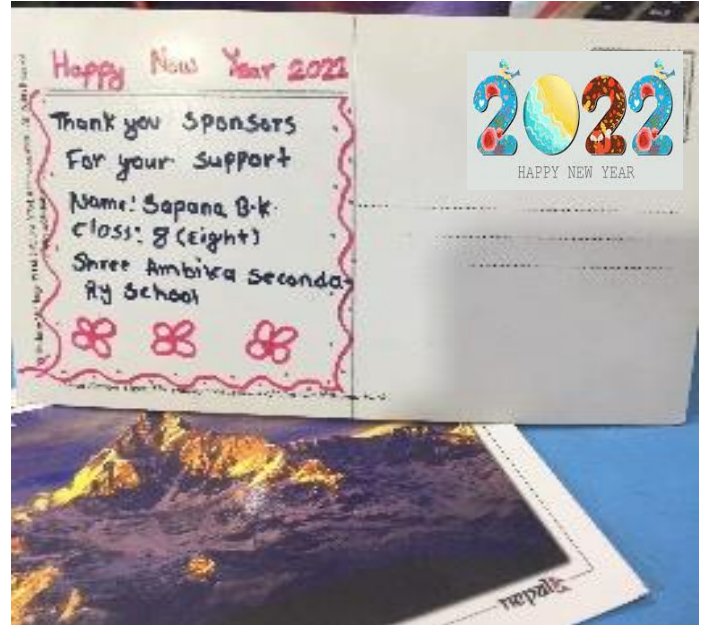

Difficult times for us, but all the more so for disadvantaged areas in the world. Solutions are found, but of course, they go primarily to the rich countries. Promises are made, there is insight that it does not help not to tackle this problem globally and in solidarity, but what do you want? Some people (countries, political parties, interest groups...) do not want to do this for selfish shortsighted reasons.

Fortunately, we know you, who quietly and in a simple way help to rectify the excesses of those misalignments.

Drops in an ocean of mountains. You make the difference! We sincerely hope that you will continue to support our projects in any capacity. Over the past year, with your help, we were able to send thousands of children to school safely, provide school uniforms, and buy a school bus. We provided drinking water for seven villages. We also helped many poor people with medical and food aid. By your support, thank you, merci, thank you, dhanyabad.

In addition, hopefully next year our medical Bsures-team can get on the road again as we are eager indeed.

Be well and safe. Paul Vande Moortel, Dr. Jan Dryhoel & Bsures team, Himalayan Projects vzw

Merry Christmas and a Happy New Year!
Bsures-team, Himalayan Projects.

Some things we done in 2021:

Masks, thermometers, visors, disinfection products for dozens of schools.

Explanation of correct use of prevention material

Classes getting an encouraging conversation.

Hundreds of children get a proper uniform.

A bus for safe travel to and from their school.

A water filter for safe drinking water for 7 villages.

Finally, a humble request to give us an extra push. Our work in the Himalayas is not finished, the needs remain higher than ever thanks to Covid.
